PASSION FOR PARTS

HYDRAULIC PUMP & MOTOR PARTS

ITR has the most extensive and complete product range of UNDERCARRIAGE & GET parts available in market. ITR would now like to expand and grow in its Hydraulic Pump and Motor parts range through customer demand, regular market analysis and strategic acquisitions.

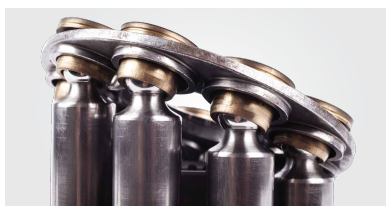

QUALITY

Quality makes the brand. The essential characteristic that makes ITR stand out lies in the numerous quality controls carried out at the production plants, at the supplier's premises and when the product comes into our warehouses.

PRODUCT RANGE

ITR introduces an extensive range of hydraulic parts in the industry. The product range includes Cylinder Block Assembly, Piston assembly, Shafts, Support & Swash plate, Valve plates, Set plate & Ball guide, Tilting Pin Assy, Shoe plates, Gear pumps, EPPR valve, Regulator and more. These parts are suitable for a wide range of Hydraulic Main Pumps, Swing Motors and Travel motors.

ITR has in range the parts of popular pump/motor manufactures such as Kawasaki, Uchida, Rexroth, Komatsu, Kayaba (Hitachi), Linde, Nachi, Eaton, Caterpillar, Liebherr, Sauer Danfoss, Kubota, Doosan mottrol, Nabtesco, Thoshiba etc.,
